Together We Will Save Sight

The Prevent Blindness Wisconsin mission is to prevent blindness and preserve sight. Founded in 1958, Prevent Blindness Wisconsin preserves the gift of sight for Wisconsin's children and adults, helping to ensure that children are vision-ready for success in school and that adults maintain healthy vision for a lifetime.

Why Does our Mission Matter?

- 50% of blindness is preventable
- 1 in 20 preschoolers and 1 in 4 school age children have a vision problem.
- 80% of learning is visual.
- 2/3 of children don't have an eye exam before they begin school.
