

VISION MILESTONES

4 Months - 7 Months

As a parent or caregiver, it is important to know that healthy vision plays a role in a variety of aspects throughout life

4 MONTHS - 7 MONTHS

Baby moves eyes with objects

Baby's eyes are straight

Baby reaches for objects

Baby follows objects both near and far

Helpful Tip

At 5 months, baby begins to see colors. This is a great time to start reading colorful children's books!
